

PEARSON SIGNS ON

IAN PEARSON, who has been Plymouth Argyle's leading goalscorer in the reserves for the last two seasons, is joining Wycombe Wanderers. New manager Ted Powell has been anxious to increase Wycombe's strike power for next season and announced his new capture this week.

Pearson, 25, was recommended to Powell by Keith Blunt, a former Wanderers player who is now Plymouth's assistant manager. Last season Pearson scored 12 goals for the reserves and also made 10 first team appearances. At 5'10" he is not a tall man but he comes highly recommended. "The only reason he didn't make a regular place in the first team was the form of Bill Rafferty and Paul Mariner. I'll be surprised if he doesn't score 20 or more goals for Wycombe next season," said Blunt.
